

Saturday 13th WAC Exhibition of Art and Craft November 2021

We held our Late Autumn Art & Craft exhibition in Wareham Town Hall on Saturday 13th November, this exhibition followed close on the heels of our Autumn Exhibition in October. It was pleasing to see such a good response in terms of entries and stewarding. We hung 95 paintings and also had five craft tables which I think is a record number. The work was of a good standard and sales were very satisfactory. Refreshment and map sales were also very good and overall we made a small profit which is all we set out to do.

The favourite painting competition was as popular as ever with over 100 votes cast. The results were as follows:

There were three pictures in equal first place:-

'Autumn Nibbles', by Keleigh-Marie Snelgrove,

'Winter Hare' and 'Mr Hedgehog' by Linda Coulson

Congratulations to both of you.

I would like to thank all those who helped to make this a really good exhibition. This includes all members and friends who helped to set up the exhibition, Richard Adams and Barbara Wood who helped behind the scenes with admin work and for Davina Thomas who took on the role of managing the refreshments (for the second time) as well as handling finance. Tom Lane manned the town map table and managed to sell 15 maps which I think is a record: well done Tom.

David Cole - Exhibition Sec.
